

# STOLEN

## 5 inch gauge 0-6-0 Simplex Loco

The train was taken from the clubhouse of the Welling & District Model Engineering Society, on the Electricity Station site close to Falconwood station, just off the Rochester Way, Welling.

Please keep an eye out for this train at model train meets/trade fairs/boot fairs/auction sites. The train may be missing a fire box and fire grate but is otherwise in excellent working order.

Boiler number: N2410067.

If you have any information that could lead to the return of the train to it's owner and/or prosecution of the thief please call Met Police quoting crime number: 3621419/18

This is a particularly callous theft as the train belongs to an older gentleman with mobility and health issues.

His train was one of the last hobbies he is still able to enjoy.
